CULTURE AND HERITAGE

Learn all about our culture and heritage. Nearly 270 years of history in the making!

LIVELY NIGHTLIFE

Bistros, bars, microbreweries, show venues... There's plenty to choose from for cocktail hour or a night on the town.

VENUES

Organizers sometimes want a different setting for a special event or simply want a change from the usual conference room. Our region has dozens of unique sites to choose from, both in urban and rural settings.

DID YOU KNOW...

Saint-Hyacinthe is **home to a technological park devoted entirely to the food sector** (the City of agri-food, veterinary and agri-environmental biotechnology), as well as research centres, educational institutions and many other companies in agri-food, veterinary and environmental agriculture.

Saint-Hyacinthe is the **first Canadian city** to have been accepted into the International Association of Science Parks.

Saint-Hyacinthe is **cultivating its sustainable development vision** and instituting various green programs. It's a leader and reference in Quebec in the field of **biomethanization and by-product and waste management**.
